

Mayank Dudhatra

UI / UX Designer

I am Mayank Dudhatra, a first-year B.Tech CSE student with a keen interest in UI/UX design. Aspiring UI/UX designer passionate about creating intuitive, user-friendly digital experiences. Skilled in wireframing, prototyping, and user research, with expertise in Figma. Experienced in designing interactive and visually appealing interfaces with a strong focus on usability and accessibility. Eager to apply design thinking principles and problem-solving skills in a UI/UX internship to enhance user experiences and drive innovation.

Address

Ahmedabad India

Education

Bachelor of Technology (CSE)

Rai University - Ahmedabad

2024 - 2028

CGPA (Semester -1) : 9.76

Expertise

• Frontend

HTML, CSS, Javascript, Tailwind, React

• Backend & Database

Node.js, Express, MongoDB

• Version Control

Git, Github

• UI/UX

Figma

• Other Skills

API Development, RESTful APIs, Problem Solving, DSA

• Soft Skill

Problem Solving, Team Collaboration, Time Management, Adaptability

Projects

TRAZEX11

TRAZEX11 is an interactive stock market contest platform where users create virtual stock teams and participate in various contests to earn rewards. The platform focuses on user engagement, seamless navigation, and an intuitive contest experience.

As a UI/UX designer, I contributed to:

- Designing a clean and engaging user interface for contest participation.
- Improving usability by streamlining the contest creation and team selection process.
- Ensuring responsive and accessible design for an optimal experience across devices.
- Creating wireframes and interactive prototypes using Figma to refine user flows.

Slick

Slick is a contemporary online shoe store built to deliver a smooth and enjoyable shopping experience. The platform emphasizes easy navigation, advanced product filtering, and a hassle-free checkout, allowing users to effortlessly discover and purchase their ideal pair.

As a UI/UX designer, my contributions included:

- Crafting a visually engaging and intuitive interface tailored for online footwear shopping.
- Ensuring a responsive and seamless user experience across various devices.
- Improving usability and accessibility by refining product search, size selection, and the checkout process.
